Auscultation – *August, p. 44*
Diagnosis by physical inspection – *May, p. 10*
Diagnosis of rheumatic fever – *September, p. 16*
Early signs of cancer and leukemia – *August, p. 26*
Early treatment of diabetes – *June, p. 27*
Headache in systemic disease – *October, p. 38*
Physical signs of neurosis – *April, p. 3*
Treatment of hypertension – *July, p. 18*
Treatment of stasis ulcers – *December, p. 22*

Neurology

Epileptic seizures in adults – *December, p. 10*

Nutrition

Low-salt diets – *October, p. 44*
Obesity in adolescents – *May, p. 20*

Obstetrics/Gynecology

Detection of endometrial cancer – *November, p. 30*
Diagnosis of ectopic pregnancy – *September, p. 26*
Diagnosis of infertility – *April, p. 20*
Endometrial hyperplasia – *July, p. 11*
Improving prenatal care – *June, p. 12*
Infectious vaginitis – *December, p. 6*
Office gynecology – *May, p. 2*
Postpartum hemorrhage – *August, p. 18*
Prevention of eclampsia – *October, p. 30*

Orthopedics

Fractures in children – *November, p. 4*
Low back pain – *July, p. 38*

Otorhinolaryngology

Causes of hoarseness – *May, p. 38*
Ear noises – *July, p. 15*
Foul breath – *October, p. 8*
Headache in eye, nose, and ear disease – *September, p. 40*
Indications for tonsillectomy and adenoidectomy – *November, p. 25*
Nasal packing in nosebleed – *June, p. 16*
Ocular fundus and systemic disease – *August, p. 22*
Otitis media and hearing loss – *December, p. 36*
Sinusitis in children – *April, p. 38*

Pediatrics

Epiglottitis – *October, p. 20*
Food allergy – *November, p. 34*
Glomerulonephritis – *May, p. 34*
Hypernatremia in infants – *April, p. 30*
Infant colic – *June, p. 19*
Overtreatment and how to avoid it – *July, p. 8*
Respiratory infection and antibiotics – *September, p. 36*
When to schedule surgery – *December, p. 30*
